The unrefined sunflower oil of Dikanka™ is a perfect choice for those who prefer the classic sunflower oil with honey color, spicy flavor and light taste.

Due to special sunflower seed processing technology during manufacturing sunflower oil is not exposed to prolonged heating and preserves all its nutrients.

The unrefined sunflower oil of Dikanka™ is the best oil for dishes that do not require thermal conditioning. It includes a full complex of vitamins and minerals that is necessary for balanced nutrition.

The sunflower oil of Dikanka™ is the Ukrainian natural product for daily use.

FIRST GRADE WINTERIZED (PRESSED) UNREFINED SUNFLOWER OIL
